Pseudomonas

Pseudomonas aeruginosa infections are generally treated with antibiotics.

Unfortunately, for people exposed to healthcare settings like hospitals or nursing homes, *Pseudomonas aeruginosa* infections are becoming more difficult to treat because of increasing antibiotic resistance

The screenshot displays the HyServe website interface. At the top, there is a navigation menu with links for 'Startseite', 'Über uns', 'Produkte / Shop', 'Compact Dry', 'FAQs', 'Aktuelles / Presse', and 'Kontakt'. A language selector at the top right offers options for 'deutsch', 'english', 'français', 'español', 'italiano', and 'português'. Below the navigation, a breadcrumb trail reads 'Produkt | Veröffentlichungen | Zertifikate / CoA | Sicherheitsdatenblätter | Spezifikation | Optionen | Zubehör | Kaufen'. The main content area features the 'HyServe' logo and a product title 'Compact Dry PA Produkt'. A central image shows a petri dish with several red colonies on a white agar surface, labeled 'L 001504' and 'E 03/2016'. Below the image, the product name 'Compact Dry PA' is listed, followed by a description: '*Pseudomonas aeruginosa* wächst als rote Kolonie mit grün-gelblichem Hof'. On the right side of the page, there is a 'LOGIN' section with fields for 'E-Mail' and 'Passwort', and a 'SUCHE' (search) bar. At the bottom right, a 'WARENKORB' (shopping cart) section shows a dropdown menu, 'GESAMTSUMME 0,00 €', and a link to 'Detaillierter Warenkorb'.
