

2nd May 2011

E+I network face to face event, May 9 to 13, 2011, Gwatt/Thun, Bern

General Programme

Objectives:

- E+I network members get the opportunity to **exchange** experience, to get further acquainted with each other, to raise issues of concern in their daily work related to **Making Markets Work for the Poor, Private Sector Development (PSD), Financial Sector Development (FSD) and Vocational Skills Development (VSD)**.
- Get a thorough understanding of good practice in **Results Measurement** in M4P/PSD projects and the synergetic usefulness for other areas, namely VSD
- Get insights of potential and limits of **employment and income support measures in fragile contexts**
- Learn about **financial literacy** in FSD
- Consolidate E+I network's **future work plan** in core topics (by proposing working groups, others).

Overall Methodologies:

- Training cum workshop (Results Measurement);
- workshop, open space (on various topics based on demand from members);
- public seminars (E&I in Fragile Contexts; Savings&Credit Forum)

Participants:

- E+I network members – including both SDC and strategic partners
- Wider public interested in the topics for “e+i for fragile contexts” (May 11) and Savings& Credit Forum on Financial literacy

Locations:

Gwatt (near Thune) for May 9, 10 and 12,
Bern (Hotel Ambassador) for day 11, and
SDC Ausserholligen (A 2023, 2019) for May 13.

Training cum Workshop Programme
Measuring Results Private Sector Devopment / Vocational Skills Development
Thun/Gwatt May 9th and 10th, 2011

version: 2nd May 2011

Time	Topic	Methodology	Speakers
Monday May 9th	- Welcome - Introduction DCED standard for results measurement - Developing Results Chains		
9:00 – 10.15	Welcome to E+I network members and other participants, presentation of the week's programme and ice breaking get to know each other	Plenary	Peter Tschumi
10:15 – 10:45	Break		
10:45 – 12:30	Objectives, methodology, Importance of monitoring introducing result chains 10' <i>Why and how to monitor</i> Background to the DCED Standard 40' <i>Why it emerged, how it emerged, how does it work, who is practising (international context)</i> Participants construct a result chain 40' VSD specific monitoring aspects 15' <i>What is different for VSD monitoring</i>	Plenary	Hans Posthumus Jim Tanburn + Nabanita Sen? Sen? Gunter Kohlheyer
12:30 – 14:00	Lunch break		
14:00 – 15:30	<i>Lunch dip?</i> Results Chains – how to develop them 30' <i>Three reasons, four aspects, wider systemic change, tips and the frame</i> Examples of results chains 30' <i>2 PSD examples, 2 VCD examples</i> Introducing (2) cases: PSD+VSD each 15' = 30' <i>PSD: Bangladesh Fish intervention</i> <i>VSD: Nepal Employment Fund</i>	Plenary Interactive Plenary	Posthumus Posthumus + Kohlheyer Posthu. / Sen? Sirocco Messerli
15:30 – 15:45	Break		
15:45 – 17:15	Groups develop Results Chains for the two cases: one PSD and one VSD, simultaneous, 60' <i>Group into 8 groups of 4-5 people, +/- half PSD and half VSD cases (any preference on how to form groups?)</i> Group assignment towards the end (16.00) : each group to be ready to present RC and define 3 key lessons learned on cards Quick resume of the day 15' <i>Resume of what we did today 5'</i> <i>Ask for cards with 'participants emotions' 5' . i.e. what they picked up, what makes them enthusiastic, what worries them, etc.</i>	Group work	Posthumus + Sen (PSD) + Tanburn? Messerli + Kohlheyer + Stefan Thomas ? (VSD) <i>Facilitators (4 or 6) to each pick 1-2 groups and support them, not lead them but assist them</i> Tanburn / Posthumus
17:15 -	Social event (wine tasting and dinner at the lake of Thune in Spiez)		

Tuesday May 10th	<ul style="list-style-type: none"> - Developing a results measurement plan - Overview of the DCED Standard control points - Conclusions and next steps 		
8:30 – 10:30	<p>Social Reporting (tbc) Recap: <i>a resume based upon cards yesterday</i> 10'</p> <p>Presentation case work; 60'</p> <p><i>Group 1 (PSD) presents their RC in 10' the RC itself 7'; Lessons learned 3' (three main points)</i> <i>Discussion; suggestions, lessons 10'</i></p> <p><i>Group 2 (VSD) presents their RC in 10' 1 the RC itself 7'</i></p> <p><i>“overall findings of the two cases” and/or “issues arising” Record and hand out answers for work in afternoon</i></p> <p>Measurement plan: considerations 60' <i>What should it answer?</i> <i>Which key decisions to make?</i> <i>Key attribution instruments</i></p>	Plenary Plenary	<p>Video Team Tanburn/ Posthumus</p> <p>Posthumus + Kohlheyer to facilitate</p> <p><i>Note: we pick only one group per case!</i></p> <p>Posthumus + Thomas</p>
10:30 – 11:00	Break (use this time to prepare the next “carousel” session - flipcharts hanging)		
11:00 – 12:30	<p>Measurement tools 60'</p> <p><i>8-10 tools, each one on a flipchart on wall, 8-10 groups rotate clockwise each flip 3'=30'</i></p> <p><i>Discussion of each flipchart tool 45' (preferably standing/sitting around the flipcharts)</i></p> <p>Measurement plan 20' <i>From results chain to indicator to measurement plan: how does it look like, planning measurement in practice, include assignment</i></p>	Interactive Plenary Plenary	<p>Posth + Sen +Tanburn + Thomas + Kohlheyer?</p> <p>Posthumus + Sen?</p>
12:30 – 14:00	Lunch break		
14:00 – 15:30	<p>Developing a results measurement plan for the two cases in PSD and VSD 90'</p> <p><i>Same groups as day/exercise</i></p>	Group work	Posthumus + Sen/ Tan (PSD) Messerli/Kohlheyer /Thomas? (VSD)
15:30 – 15:45	Break		
15:45 – 16.50	<p>Presentation group work (findings) 30' <i>2 Presentations ‘key lessons learned of measurement plans’ per case (PSD/VSD)</i></p> <p>DCED Standard: Outlook 30' <i>What are experiences so far, outlook</i> <i>Typical issues: LFA, Resources, Outsourcing, Partners, etc: could be based upon an inventory to be made during previous session</i></p>	Plenary	<p>Posthumus + Kohlheyer facilitate</p> <p>Posthumus + Tanburn + Kohlheyer</p>
16:50 – 17:30	Conclusions, next steps (topics for “e+i net-world café”) and evaluation 20'		E+i NW members + Tschumi
