

# MONITORING AND RESULTS MEASUREMENT IN KATALYST

## Comprehensive Sector Strategy

**What is it?** Document which provides a detailed overview of the sector we are working in and the types of strategies and intervention areas to be undertaken in that sector

**When is it written and reviewed?** The CSS will be prepared once it is decided to work in the sector. The paper will be reviewed and updated annually based on the outcomes of the portfolio review

**Who writes it?** The sector team writes the comprehensive sector strategies. The MRM team supports the use of in-house and secondary data to develop the strategies

**Who reviews it?** Reviewed by the respective group managers, MRM managers, sector director and MRM director

**Who approves it?** Approved by the respective sector directors and the GM with consultation of the MRM director

**What should it include?** The chart below gives a brief idea of what a typical comprehensive sector strategy paper should contain:
