

Donor Committee for Dual VET (DC dVET)

New Phase from December 2021 – November 2024

DC DVET NEW PHASE: OBJECTIVES, SERVICES & PRODUCTS

In December 2021 the Donor Committee for dual VET (DC dVET) started its new three years phase. Based on the seven years of experience the DC dVET will continue and expand its role as knowledge hub supporting its members, their projects and partners in the field of dual VET in development cooperation by focusing on the following domains:

- **Thematic Expertise:** The DC dVET follows up on core topics and trends in dual VET to develop publications & instruments on selected issues and to reflect and make available the various experiences of DC dVET members & projects in different countries and contexts.
- **Capacity Building & Networking:** DC dVET will provide thematic orientation for its members, their projects and key partners i.e. e-learning modules on selected core topics (first module available in 2022), thematic support through webinars, workshops or tailored expert advice. It also promotes and supports exchange and networking activities among the representatives of the DC dVET members, their projects and partners.
- **Communication & Monitoring:** The broad communication efforts mainly build on the DC dVET website (www.dcdualvet.org), the uptake of social media (i.e. LinkedIn) and the organization of own and participation at external events.

DC DVET SECRETARIAT TEAM

The team of the DC dVET secretariat in the new phase represents continuity and change at the same time since it is composed of proven and new team members:

- **Ingrid Portenkirchner** took over from Sibylle Schmutz as the head of the secretariat. Ingrid Portenkirchner has many years of experience in supporting the implementation of dual approaches in different contexts and in designing and facilitating trainings with a specific focus on e-learning. She is responsible for the Domain Capacity Building & Networking.
- **Lisa Pesendorfer** has joined the team as Co-Lead for Communication and Monitoring. Lisa Pesendorfer has many years of experience in dual VET, especially in Latin America, with a focus on the establishment of public-private partnerships and organisational development.
- Still with the DC dVET team are **Katharina Jaik**, now responsible for the Domain Thematic Expertise, and **Sibylle Schmutz** as Co-Lead Communication and Monitoring.
