Day 3, Q1: According to the SDC Gender policy marker: what type of gender project are you designing: significant or principal?

Gender in PCM/Steps 2 & 3 - PLANNING & IMPLEMENTING, Peer-led sharing

ADVISORY SERVICES AUG 19, 2021 03:18PM

GROUP 1

Le programme psychosocial dans la RGL est gender principal car se concentre sur l'amélioration du statut de la femme; le programme migration au Niger est gender significant car un des objectifs se concentre aussi sur les questions des femmes migrantes.

GROUP 2

Designing a gender significant project in the food security sector of Eastern Africa (Great lakes region)

issues/ problems:

high mal nutrituion rate among children less than 5 years, particularily in women headed households

pressure on natural ressources because of high population rates
over exploitation of scarces soils

social norms and cultural practices regarding nutrition

decisions alimentaires au seins du menage majoritairement pris par les hommes

GROUP 3

Gender principal project on EMB in HH / crisis response with the title "Engaging men and boys to become champions in fighting SGBV"

GROUP 4

Principal: Access to TVET and labour market for women (increase women % in the world of work).

GROUP 5

Gender principal project, as the main objective of the project is aiming to reduce gender inequalities
