

SDC Health Network

Regional F2F-Meeting 2023

Health beyond 2024:

Fostering a SDC-wide approach on cross-sectorial interventions

WELCOME

Day 4 / 31 August 2023

WRAP UP

OBJECTIVES OF DAY 4

Topic	Peer-exchange & mutual learning: Sexual and Reproductive Health and Rights (SRHR)
Rationale	SRHR remain a politicized topic in many countries. Reduced civic space and growing political backlash against sexual and reproductive health and rights may knockout decades of investment in family planning, safe abortion, and girls' empowerment in the Africa region.
Objectives	Broaden understanding on what the Swiss positioning on this topic is/should be at the bilateral level (both programmes supported and policy influencing).

DAY
4
