Welcome!

“Sharing our ways of learning” and “sharing our knowledge on how we do this” are the main reasons for meeting at this Dare to Share Fair.

We are all aware that in spite of the overwhelming mass of documented information available, it is in the heads of people where knowledge is generated and stored. The Fair brings knowledgeable and experienced people together, “face to face”. It creates a momentum to build and to strengthen exchange for continued learning among them.

The scope of learning may not be confined to optimally developing and applying knowledge in our own organisations. Learning within international co-operation and the development community has to foster better solutions for fighting poverty and for empowering the poor. This requires partnerships and learning together as partners. The conference following the Fair will provide an opportunity to share experiences and to formulate insights about what “learning across organisational and cultural borders” means in practice.

The Fairgrounds are located in the offices of SDC, at our working places. This is to show that knowledge sharing is part of our “everyday” life and of our normal practices.

I would like to cordially welcome you as our guests at SDC and invite you to partake in a series of most stimulating and rich experiences.

Walter Fust
Head Swiss Agency for Development and Cooperation (SDC)

Informal Highlights

Crazy Corner

Form: The crazy corner consists basically of a large pin-board. You may ask questions on which you expect crazy (unexpected and constructive) answers. And you can contribute crazy answers that may open the minds of people. It is a way to discover another access to good solutions.

Go to the crazy corner and forget about limits and norms.

Just allow yourself to think the unthinkable! Imagine what it would be like without the limitations you feel in your daily work.

Just dream ... let visions appear and disappear and reappear ...

Play around with words and discover a new meaning within and between them.

If you like, write down your crazy ideas ... for others who will enjoy reading them.

If you like, read what others left for you.

Time: The crazy corner is accessible throughout the fair. Allow yourself a crazy moment – together with some friends – and share your crazy ideas with others.

Place: You will find the crazy corner in the central hall under the palaver tree (site map, page 28).

Bank Safe

Form: The bank safe refers to the bank secret for which Switzerland has got a certain reputation. The bank safe at the fair offers two possibilities: To safeguard your valuable experience and/or to give it away.

Time: The first day, owners of valuable experience may lock it away from all others (books, brochures, diskettes, etc.). The second day, the rule changes: the bank secret will be lifted and the information made accessible to all. The bank clients give away their valuable experience.

Place: The bank safe is located in the central hall (ground floor) next to the story tent (site map, page 28).

Palaver Tree

Form: "SIT & SIP": The palaver tree is a place to rest with some refreshments and soft chairs to sit. It is a place to have a calm talk with friends.

Time: The palaver tree is open throughout the fair.

Place: The palaver tree is located on the three bridges in Zone B on the first, second and third floor (see site maps, pages 29 - 31).

Open Space

Form: Did something at the fair inspire you to hold a workshop spontaneously? You can advertise your idea at the info desk and book room 1602 for this purpose.

Time: The open space is open during workshop hours:

- 10.00 a.m. – 12.00 a.m.
- 2.00 p.m. – 4.00 p.m.

Place: Floor 6, Room 1602 (site map, page 33)

Story Tent

Form: Sparknow will create a “story tent” – a nurturing space encouraging both private reflection and meaningful encounters between friends and strangers. The space will create opportunities to share and record moments of insight and will seek to enrich and deepen the quality of knowledge exchange between people. An emerging installation, this space will gradually fill with stories as the Fair progresses.

Time: The story tent is open during the market periods

- 8.30 a.m. – 10.00 a.m.
(first day starting at 9.15 a.m.)
- 12.00 a.m. – 2.00 p.m.
- 4.00 p.m. – 6.30 p.m.
(Second day ending at 5.30 p.m.)

On Tuesday, a workshop will be run in the tent during the workshop periods.

Place: Central hall (ground floor), see site map, page 28

Exhibition “ Views of the Poor ” , Tanzania

The exhibition “Views of the Poor” illustrates a study that was done when working out a new programme for Tanzania (2004-2010). Persons from selected households were interviewed about the subject “wellbeing” and “illbeing”. The voice of the people themselves is in the centre of attention. Using disposable cameras, they took photographs of objects and situations that represented “well- and illbeing” for them. The impressive authenticity brings the exhibition to life.

Time: The exhibition is open throughout the fair.

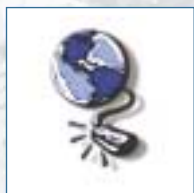

Place: Floor 4, Zone B (site map, page 32)
